

Summer Escapades & Xroads | 2012

Dear Parents:

Welcome to the 2012 summer camp season! Please read the policy statement, supply list, and check list information carefully and completely so the transition for you and your child(ren) from the school year to summer camp will be as smooth as possible. This will allow you to begin summer camp feeling fully informed. As you read through the papers, take time to make note of any questions you may have, and contact us **now** to receive clarification on those items. This will allow directors and their support staff to devote full attention to getting to know the children and establishing a daily routine as summer camp gets underway.

Parent Orientation for the camp will be held on Wednesday evening, May 23 at 7:00 p.m. at the shelter house of the camp location attendance will be. We strongly encourage that every parent attend this meeting. Camp policies, staff introductions, programming activities and individual questions will be outlined at this time.

Complete and return all camp forms, **a minimum of two weeks before camp begins**. Keep a copy of the forms for yourself just in case they are not received in the proper time as well as for reference throughout the camp season.

Return forms with attention to JCPRD Outdoor Summer camps via:

Mail: 6501 Antioch Rd., Merriam, KS 66202

Fax: 913-831-3311

Email: info@jcprd.com

Keep directors informed of any changes to the original forms you submit. Our ability to respond appropriately to the needs of your children and emergency situations relies on the accuracy of your youth's records.

Each week you will receive a newsletter with a calendar of trips and activities, periodic special information notes, and dry erase board bulletins. Read everything that comes home from the camp, to avoid missing important information or any schedule changes.

Additionally, we want to remind all campers and their families that daily lunches are supplied from home and should come in reusable containers. Disposable bags and/or wrappers are not environmentally friendly and are therefore highly discouraged.

We'll look forward to seeing both new and familiar friends this summer.

Sincerely,

Marisa Holloway,
Outdoor Camp Specialist
(913) 236-1233
