

**(Effective 10/19/2020)**

Swim teams will be allowed up to four people per lane. Swimmers must maintain 6' distance from other swimmers at all times. Below are lane diagrams for 2, 3, 4 & 5 swimmers per lane and the start positions for each swimmer. For the swimmers starting at the wall they should remain in the middle of their lane when at the wall. Other swimmers will start at the 15m markers in each lane. Please ensure swimmers are following the directional flow in the lane. Swim teams are also asked to stay in "bubbles" / work groups as much as possible for athletes and coaches. Lap swimmers will be limited to 1 swimmer per lane in initial reopening.
